

Decrease Time to Value for Revu With Bluebeam University

Bluebeam University is an online, on-demand learning platform designed to:

- Grow user confidence and proficiency
- Provide a flexible and scalable solution that simplifies organization-wide training and onboarding

Why Bluebeam University?

Standardize Revu knowledge across your organization to break down productivity barriers and get the job done faster.

Empower new employees to learn Revu independently so that they can quickly get up to speed without disrupting existing team members.

Gain insight into training analytics to ensure everyone on your team has the tools they need to maximize productivity in Revu.

What are my options?

Revu Basics

- 8-hour course perfect for new users looking to gain familiarity with the core functionality of Revu
- \$99/user for a year of access

Power Pack

- Comprehensive package covering basic skills through advanced tools and features of Revu, ideal for users looking to take their skills to the next level
- \$249/user for a year of access

Ready to get more out of your Revu investment?
