

Bluebeam® Revu® Edition Comparison

For those who design, engineer, bid and build our world, Bluebeam® Revu® is how you get more done.

	Revu Standard	Revu CAD	Revu eXtreme®
Quick Summary	The essential solution for intuitive PDF markup, editing and collaboration.	The solution designed specifically for CAD users that includes smart plugins for 2D and 3D PDF creation.	The robust solution built for power users who want to automate complex processes and push the limits of document collaboration.
Best for	Contractors, owners and estimators who require only the core features of Revu.	Design professionals, such as architects or engineers, who require the additional plugin functionality to complement their favorite CAD software.	Power users looking to automate complex processes, whether they're architects, engineers, contractors or estimators.
Key Features	<ul style="list-style-type: none"> • Includes Bluebeam Studio • 2D and 3D PDF Markup: Redline PDFs with customizable markups. • Markups List: Track all annotation data in a simple and customizable list. • Tool Chest: Save and share custom tools based on your workflows. • Sets: View and navigate an unlimited number of various source files as a single document, in a single tab. • Measurement Tools: Take faster and more accurate calculations from your PDF. 	<ul style="list-style-type: none"> • Includes All Features in Revu Standard • Includes Bluebeam Studio • Plugins for 2D PDFs: Create PDFs from AutoCAD®, Revit®, SolidWorks®, Navisworks® Manage, Navisworks Simulate and SketchUp® Pro. • Plugins for 3D PDFs: Create PDFs from Revit, Navisworks Manage, Navisworks Simulate, SketchUp Pro and any IFC file. • Batch Creation: Convert an unlimited number of files from CAD programs and apply stamps, cover sheets, headers, footers and more. 	<ul style="list-style-type: none"> • Includes All Features in Revu CAD and Revu Standard • Includes Bluebeam Studio • Batch Link®: Automatically generate unlimited hyperlinks based on file name, page label or page region. • Batch Slip Sheet: Automatically match new revisions with their corresponding current sheets and carry over all markup data. • OCR: Transform scanned PDFs into text-searchable and selectable files. • Quantity Link: Seamlessly link measurement totals from multiple PDFs to Excel. • Automatic Form Creation: Automatically create PDF forms from scanned or digital documents. • Batch Sign & Seal: Quickly apply a digital signature or professional seal across a batch of multiple files.

Full Edition Comparison

Key Features	Standard	CAD	eXtreme
Redline PDFs with customizable markup tools and save custom tools for easy access	✓	✓	✓
Save custom markups for easy reuse	✓	✓	✓
Track and manage annotations	✓	✓	✓
Upload files to the cloud and sync PDFs locally	✓	✓	✓
Collaborate on PDFs in real time with shared markups	✓	✓	✓
Access and view recent PDFs	✓	✓	✓
Search local drives and pin files in categories	✓	✓	✓
Integrate with SharePoint® and ProjectWise®	✓	✓	✓
Create customizable keyboard shortcuts for your most- used tools	✓	✓	✓
Create, mark up and manipulate 3D PDFs from any IFC or U3D file	✓	✓	✓
Create and batch PDFs directly from Microsoft® Office and Outlook® and convert any Windows® file to PDF	✓	✓	✓
One-click 2D PDF creation and batch directly from Revit®, AutoCAD® and SolidWorks®		✓	✓
One-click 3D PDF creation directly from AutoCAD, Revit, Navisworks® Manage, Navisworks Simulate and SketchUp® Pro		✓	✓
Use Optical Character Recognition (OCR), Automatic Form Creation, Quantity Link, Scripting, Batch Sign & Seal, Batch Link® and Batch Slip Sheet			✓

Studio	Standard	CAD	eXtreme
Collaborate in real time with Bluebeam Studio Sessions	✓	✓	✓
Upload files to the cloud for easy management with Studio Projects	✓	✓	✓
Sync Studio Project files locally for online editing.	✓	✓	✓

Document Markup	Standard	CAD	eXtreme
Annotate PDFs with markups such as customized text, shapes, stamps and watermarks	✓	✓	✓
Measure PDFs with built-in measurement tools	✓	✓	✓
Flatten PDF markups	✓	✓	✓
Change markup properties and save for reuse	✓	✓	✓
Assign markups to layers	✓	✓	✓
View, filter and sort markups and comments	✓	✓	✓
Generate and export a CSV, PDF or XML summary of all markups in a file	✓	✓	✓
Import PDF markups	✓	✓	✓
Create calibrated polygons, polylines, rectangles and ellipses using Sketch to Scale tools	✓	✓	✓
Insert hyperlinks into documents and assign a hyperlink to a specific area	✓	✓	✓
Create and add dynamic stamps to PDFs	✓	✓	✓
Embed general photos, 360° photos and videos in markups	✓	✓	✓
Calibrate tool sets to dynamically resize on PDFs with different scales/viewports	✓	✓	✓
Apply measurements of different scale in one PDF using viewports	✓	✓	✓
Translate markups to different languages	✓	✓	✓
View 3D PDFs and mark up 3D views	✓	✓	✓
Add formulas to custom columns for calculations	✓	✓	✓
Create custom statuses	✓	✓	✓
Generate and export a PDF summary of all markups across multiple files	✓	✓	✓
Erase and cut PDF content	✓	✓	✓
Track and generate reports on markups located in customized regions	✓	✓	✓
Custom hatch patterns	✓	✓	✓
Create a table of contents from bookmarks	✓	✓	✓
Create and save markup legends	✓	✓	✓
Tag files to sort and navigate Sets documents	✓	✓	✓
Section off and fill drawing regions to generate markups, measurements and spaces with Dynamic Fill	✓	✓	✓

Page Content and Editing	Standard	CAD	eXtreme
Extract, delete, rotate and insert blank pages	✓	✓	✓
Customize the size of new pages and resize existing pages	✓	✓	✓
Drag document tabs out of the interface and into their own windows across multiple monitors	✓	✓	✓
Embed file attachments	✓	✓	✓
Overlay pages to compare two or more PDF revisions	✓	✓	✓
Combine separate documents to create a single PDF	✓	✓	✓
Preserve hyperlinks when combining linked PDFs	✓	✓	✓
Reduce file size using preset fidelity options	✓	✓	✓
Insert existing PDF pages	✓	✓	✓
Batch compare multiple drawing revisions	✓	✓	✓
Split documents without altering the source file	✓	✓	✓
Preserve hyperlinks when separating linked PDFs	✓	✓	✓
Reduce file size with customizable fidelity options	✓	✓	✓
Add and edit headers and footers	✓	✓	✓
Create bookmarks and page labels automatically	✓	✓	✓
Launch multiple instances of Revu	✓	✓	✓
Search for symbols	✓	✓	✓
Customize toolbars	✓	✓	✓
Process colors	✓	✓	✓
Access and navigate documents as a single PDF	✓	✓	✓
Automatically create bookmarks using content from PDFs	✓	✓	✓
Create forms automatically, even from scans			✓
Transform scanned images into text-searchable PDFs using Optical Character Recognition (OCR)			✓
Batch process hyperlinks for large document sets			✓
Implement scripting commands			✓
Automatically append, prepend or replace existing page content in complex file sets with new file revisions			✓

Plug-Ins and Integration	Standard	CAD	eXtreme
One-click PDF creation and batch directly from Microsoft Office and Outlook	✓	✓	✓
One-click 2D PDF creation and batch directly from AutoCAD, Revit and SolidWorks		✓	✓
One-click 3D PDF creation directly from Revit, AutoCAD, Navisworks Manage, Navisworks Simulate and SketchUp Pro		✓	✓
Convert Revit Rooms to Revu Spaces		✓	✓
Integrate with SharePoint and ProjectWise	✓	✓	✓
Transfer hyperlinks from an AutoCAD file	✓	✓	✓
Convert any Windows file to PDF or 10 other file formats using the Bluebeam PDF printer	✓	✓	✓
Export scanned PDFs as editable Word, Excel® and PowerPoint® documents	✓	✓	✓
Batch convert files from AutoCAD, Revit and SolidWorks to PDF, TIF, JPG, BMP, PSD, PNG, PCL, GIF, EMF and WMF files		✓	✓
Import files with SHX fonts from AutoCAD		✓	✓
Import sheet sets from AutoCAD		✓	✓
Link real-time data from measurement markups to Excel worksheets			✓

Security and Digital Signatures	Standard	CAD	eXtreme
Apply password protection and set permissions	✓	✓	✓
Add digital signature fields that require certified digital IDs	✓	✓	✓
Track all digital signatures and certificates	✓	✓	✓
Redact PDF content permanently			✓
Apply a digital signature and professional seal across a batch of multiple files			✓
