

CAD LERNING – ON DEMAND

Duration:	One-year subscription
Prerequisite:	Working knowledge of a Windows OS
Learning Units:	Not valid for LU's

OBJECTIVE:

As an Authorized Autodesk Publisher, CADLearning offers courses of dozens of software applications and is the premier learning partner for all things Autodesk. It also features over 35,000 lessons on more than 50 Autodesk software programs, and helps you to quickly master your preferred Autodesk software from AutoCAD to Revit, Civil 3D, and more! A hybrid course might be the right choice for you if you are looking for a way to supplement your traditional live classes with the flexibility of on-demand classes.

Autodesk on-demand training offer self-paced, modular courses designed for a range of skill levels, roles, and career ambitions. Begin—or continue—the learning journey that's right for you, at your own pace, on your own time. Contact us at training@microsolresources.com.
